## Al's Hobby Shop, Elmhurst, IL!!!

As Springtime nears and Flying season begins, do yourself (and others) a favor and look over your machines for any wear and tear from the past season. Juice up the batteries and test them under loads. NiCads, Nimh and Lithiums can go bad. Starting out a season with an avoidable crash would be disheartening to say the least and more accurately, expensive.

So shine it up, bring your T-Vib-a-RaptEvo 600N out to the field and let'r tear up the sky. Then sit back and banter with your buds on whether the Rextor is better flying than the VibEvo. Or Nitro vs. Electric, ketchup vs. mustard, Al's Hobby vs. ....well that's just Al's. Happy Flying and see you at the Fun Flies. Larry

## Presidential Address

Good day Members,

Please remember, you did not receive this newsletter if your dues were not paid 😊. Attached is a flyer on *Al's fun fly* for this year. It is going to be super great this year. I have a lot of big guns coming from all over the Midwest. Also, Larry is starting to plan for the NIRCHA Fall Fun fly that was such a great time. Both Larry and Terry do an excellent job putting it on. The April meeting will be at the store and we voted on having pizza. The May, June, July and August meetings will be at the field.

Hope all of you are starting to fly, the weather is warming up.

Talk to you soon
